

## Colorants for Acetal

Product appearance is more important than ever. Plastics producers must therefore use great care in selecting which colorants to use. **Keystone Aniline Corporation** has produced the following list of colorants recommended for use in Acetal resins. However, differences in processing may alter the suitability of any colorant. Therefore, any colorant must be tested thoroughly for suitability in the intended system prior to use.

Product Name	Product Code	Color Description
Keyplast Yellow 3G	806-093-55	Medium shade Yellow
Keyplast Yellow GHS	806-163-50	Red shade Yellow
